

Tuesday 19th November 2024

Dear Parent/Carer

Online Behaviour/Online Safety Parents Briefing

Children are spending more and more time online, either for learning or as part of their free time. Making sure that children are safe online can be a concern to all parents and as technology changes so quickly keeping up to date can be difficult.

The media are reporting more incidents of concerns about children and their social media use, online bullying/trolling and problems keeping children safe when gaming. We would like to support you as parents to keep your children as safe as possible in the ever-changing online world.

As a school we work with Patrick Flynn from Online Behaviours. I would like to invite you to attend an information session about ways to support your children with staying safe online. Patrick will share some of the most up to date issues that parents are facing and share ways to better protect children from the dangers of being online. He will also share some information about what the children of Fallings Park are reporting they are engaging with online.

There will be 2 sessions for you to choose from:

- Monday 25th November at 2pm in the Large Hall

Or

- Monday 2nd December at 9am in the Central Hall (access from the Key Stage 1 playground)

Parents attending will be eligible to enter a prize draw to win a £15 Amazon Voucher.

Yours Faithfully

J Ebblewhite
